STEP INTO THE FUTURE-

PALM FIRST

Access, Attendance, & Intelligence- All in One

adnexio.jobs

RETHINK ACCESS

Access systems shouldn’t just let people in- they should power productivity, security, and smarter operations as your business grows.

adnexio.jobs

Stop Losing Hours to Manual Errors

Old-school check-ins and buddy punching waste time and payroll without you realizing it.

Prioritize Safety in a New Era

Shared access devices compromise workplace hygiene

No More Card Chaos

Managing lost or damaged entry cards is a daily hassle you don’t need.

Break the Data Silos

Disconnected systems make HR, payroll, and compliance harder than they should be

Meet

THE TENCENT PALM DEVICE

A smarter, safer way to manage identity

Palm Recognition Technology
Advanced biometric verification using palm vein patterns- nearly impossible to replicate

Zero Contact, Zero Hassle
Completely contactless. No pins. No cards. No shared surfaces.

Speed & Simplicity
Instant recognition at entry points, ideal for high-traffic workplaces

Branch-Wide Use
One-time registration grants access across all branches

Security Meets Convenience
Works with magnetic door locks and integrates with your existing infrastructure
